## **ADVERTISE IN THE MAY AND JUNE SPRING ISSUES AT LAST YEAR'S RATE!**

Nurseries, garden centers and plant-related businesses—this is an offer too good to pass up! This is your chance to bring out the gardeners and motivate them to shop with you.

Spring is the perfect time to showcase the special features of your nursery or horticulture business with an ad in **Northwest Garden News**. Do you have a great selection of plants? The most organic fertilizers and treatments? Or the best prices?

Stories in the next two issues of **Northwest Garden News** encourage gardeners to get outside. Steve Solomon continues with his series on vegetable gardening. Lorene Edwards Forkner writes about using edible plants in your ornamental landscape. And Miss Snippy, our most popular columnist, shares her views on the garden.

### **PROMOTION DETAILS**

You will be included in both of the next spring issues—**May and June**—and pay the same rate for each month as 9-time advertisers paid in 2008. You do need to be in both issues to receive the special pricing.
